Hi Davis—I tried to recap PH when I saw yours wasn't in there—so if this gets updated, please remove my original paragraph as it will be redundant. We want people to know about PH—but there are limits.

Calvin,

I think I put the date in wrong (7/29 instead of 7/30). Here are the hot topics for Portland Harbor. My apologies.

For this week:

Portland Harbor (Portland, OR)

Section 3 of the Portland Harbor draft Feasibility Study (FS) was transmitted to the Oregon Department of Environmental Quality, six Tribes, the Natural Resource Trustees, the Community Advisory Group and to the Lower Willamette Group for review and comment. EPA will be presenting information contained in both Section 3 and Section 4 of the FS on 7/31 to the same groups except the Community Advisory Group. Final copies of FS Section 4 will be transmitted to the parties on 8/7.

Upcoming:

Portland Harbor (Portland, OR)

Section 4 of the Portland Harbor draft Feasibility Study (FS) will be officially transmitted to the Oregon Department of Environmental Quality, six Tribes, the Natural Resource Trustees, the Community Advisory Group and to the Lower Willamette Group for review and comment. Dennis and Jim Woolford will be meeting with Senior Executives from the LWG on 8/6 to discuss preliminary concerns on FS Section 3 and 4. The Portland Harbor Team will be hosting a workshop with ODEQ to start the conceptual design phase in evaluating alternatives against seven of the nine criteria.

Thanks,

Davis Zhen
